Summer essentials

FOUR TIPS

1. To keep you feeling fresh this Summer, consider a clinical strength Deodorant - the best ones provide prescription-strength protection against wetness.
2. Dehydration can cause headaches, so drink plenty of water and keep a pack of pain relief handy just in case.

3. Your lips can get burnt too. Protect them and keep them looking kissable with one of our great lip balm products.

4. While the warmer weather is great, it also means the bugs are out. Protect yourself with a good insect repellent (we have Deet and Natural options instore); or if you get bitten and need relief, visit our First Aid section for some effective creams to relieve the itch.

Sensitive teeth?

Keen to enjoy ice cream this Summer, but feel a short sharp sensation in your teeth? You might be surprised to know that as many as 1 out of 2 New Zealand adults suffer from tooth sensitivity*.

If you have sensitive teeth you are likely to have exposed dentine - the inner part of the tooth which leads to the nerve.

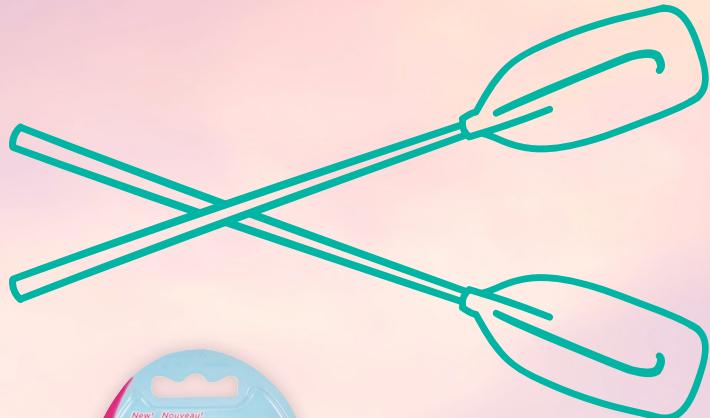

Try one of our great Sensitive Toothpastes to treat sensitivity and enjoy those cool, refreshing Summer treats!

*Survey: Based on research conducted by Direction First sponsored by GSK in December 2012, n=803 (18+yr olds)

Percentage discount prices shown in circular and instore ticketing already include discount and are based on the non-promotional price. Savings are not additional to existing reductions. While stocks last.
